

10 July 1967

Department of The Air Force
Air Force Avionics Laboratory
Wright-Patterson Air Force Base
Dayton, Ohio 45433

AT Attention:

Subject : Drawings and Preliminary Operating Instructions--Briefing
Print Enlarger

AT
AT
AT 1. Three sets of drawings and three copies of the Preliminary Operating Instructions for the Prototype Briefing Print Enlarger (BPE) are being shipped to you this date. As discussed at the last liaison conference, would like comments on the Instruction Manual by 1 September 1967 so they can be incorporated in the final manual to be published with the production models. Replies should be forwarded to for coordination through established mail channels.

AT 2. The prototype BPE was delivered and installed the last week of June 1967. An invitation is extended to Air Force representatives who would care to observe the operation of the equipment. Contact should be made through
